

**WARNING:**

**MODIFICATION OF THE TIMING GEAR COVER IS REQUIRED BEFORE INSTALLATION OF PART NUMBER 620601 FLUIDAMP**

Cut, trim or grind lip #1 (larger lip shown below) to protrude no more than .150" beyond flat surface "A", to clear the back of the fluidampr underdrive pulley

Lip #2 (smaller lip shown below) should not need trimming

To accommodate the underdrive pulley, use K040275 Micro-V Belt (Gates product I.D.: 85526474) or equivalent

Please contact Customer Tech at Horschel Motorsports-Fluidampr 716-592-1000 ([www.fluidampr.com](http://www.fluidampr.com)) for any comments, suggestions or questions.
